Hi Shannon:

Yes. Your information is correct for the significant thresholds.

If you have any other CEQA related question, you can contact with our planner Ms. Angel Rinker or me. Angel can be reached at (530)745-2333 or e-mail ARinker@placer.ca.gov.

Have a nice day.

Subject: Significance Thresholds

Good afternoon,

I am working on a project in western Placer County. Do you have any significance thresholds for construction and operational emissions? We have record of a conversation with Dave Vintze from 2002 stating that the following significance thresholds should be used:

82 lbs/day ROG
82 lbs/day NO_X
82 lbs/day SO_X
82 lbs/day PM_{10}
550 lbs/day CO

Are these thresholds still applicable, or does the District have updated thresholds?

Thank you in advance for your time!

-Shannon
