The Placer County Fire Safe Alliance provides community assistance, information and educational programs in an effort to reduce the risks of wildfire danger to life and property in our county

Our Vision

The vision of the Place County Fire Alliance is to have informed, educated, and fire defensible communities that will enhance life, property, and natural resource protection through a collaborative approach in a fire prone environment.

The Placer County Fire Alliance provides community assistance, information and educational programs in an effort to reduce the risks of wildfire danger to life and property in our county.

Our Mission

Our mission is to minimize catastrophic wildfire loses to values at risk such as life, property, and natural resources, in the following ways:

- To inform and educate the pubic on fire safe communities, fire risk and fire hazard mitigation.
- To aid, assist, and participate in fire mitigation planning efforts.
- To prioritize and secure funding for coordinated fire safe projects and activities.
- To monitor and review fire safe activities to ensure alliance goals are met.

Our Focus

Our focus is on the wildland-urban intermix, fuel load reduction/healthy forest ecosystem, and fire safe communities.

While long term forest health and catastrophic wildland fires are of criticalconcern, we also recognize the need to maintain the area's economic stability, level of public safety and services.

Alliance stakeholders include public agencies representing federal, state and local resource management, local Fire Districts, community Fire Safe Councils, and private industry representatives. All members of the Alliance work to improve public safety, preparedness, security and community vitality in our region.

Fire Safe Councils

- Foresthill/lowa Hill Fire Safe Council
- Greater Auburn Fire Safe Council
- Placer Sierra Fire Safe Council
