Erik C. White, Air Pollution Control Officer

STATIONARY SOURCE APPLICATION CHECKLIST

The Placer County Air Pollution Control District's "List and Criteria for Required Application Information" gives all the information that may be requested as part of the permit application process. As an aid to applicants, this checklist identifies the minimum that is required for an application to be accepted. If the forms are not completed or the minimum required information is not provided, your application will be returned. Check the items you have completed and/or enclosed as part of the application.

1.	Ge	nera	mitted with application: I Applications - Filing Fee: See Application Filing Fees Checklist (Note: The	
	Gas Bas Sou	solir sin C urce,	ering Analysis and other fees will be billed after a review is complete.) ne Dispensing Facilities: See Application Filing Fees Checklist (Sacramento Valley Control Council fee does not apply if West of Range 9E, near Clipper Gap, CA) (Minor one-time charge, for new facilities and does not apply to facilities which have previously is fee.)	
2		Authority to Construct/Permit to Operate Application Form . Complete each section of the form and sign the application.		
3.	em	Facility Map . Blueprints, diagram, or sketch, drawn roughly to scale that locates equipment and emission points on parcel, and the distance of emission sources to the property line and to the nearest off property structures.		
4.	Flow Diagram. Blueprint, diagram, or sketch showing the sources of air pollutants, the flow of air pollutants, control devices, and discharges to the atmosphere. (Not Applicable for Boilers, Gasoline Dispensing, Dry Cleaners, Automotive Refinishing, Graphic Arts, Wood Coating, or Engines).			
5.		Technical Information Forms Required. Please attach the appropriate Technical Informatio along with a Description of the Proposed Project.		
		A.	Automotive Refinishing Form	
		В.	Boilers, Steam Generators, Process Heaters, or Kilns Form	
		C.	Concrete Batch Plant	
		D.	Dry Cleaner Form	
		E.	Engine Form	
		F.	Gasoline Dispensing Facility (New, Retail, Non-Retail and Existing) Form	
		G.	Graphic Arts Operation Form	
		Н.	Wood Coating Operation Form	
		I.	Vapor Vacuum Extraction Form	
		J.	For other processes, please contact the District's Permit Engineer at 530-745-2330.	
	6. Air Emission Estimate. (If your project is <u>not</u> described in 5.A. through 5.I., provide the basis for the air emission estimate in the Authority to Construct application Box 22, and identify any toxic compounds that may be emitted to the atmosphere.)			
		A.	Include emission factors, air pollution control device efficiencies, mass balance calculations, raw material/fuel usage, MSDS or raw material specification sheets, etc. that support the estimate of emissions provided.	
		B.	For air toxic compounds, identify the compounds, the emission point(s), and maximum quantity discharged per hour.	

Please submit this checklist with your application. Your application will not be filed without the fees, forms, and information identified above. Once the application is accepted and filed the District will conduct a technical review of the application for completeness and process it.
