

The message below is excerpted from an email to Alex Fisch of the Planning Services Division, Project Manager for the Village at Squaw Valley Specific Plan, on December 18, 2014.

Message

After careful consideration of community input and thoughtful discussions with the Squaw Valley Public Service District, we will be removing the requested zoning overlay from Lot 27. Also, since we are no longer requesting vertical development rights for this lot, we will remove this lot from Appendix B of the Specific Plan. This adjustment will be reflected in the next generation of the Specific Plan, which we expect to deliver in February 2015, in support of the imminent Draft EIR.

Happy Holidays,

**Chevis Hosea**  
 V. P. Development  
 Squaw Valley Real Estate, LLC

Lot 27 as shown in the October 2014 Draft Specific Plan: An updated Specific Plan will be submitted to the County immediately preceding public circulation of the Draft EIR. That Specific Plan will be revised to show that Lot 27 would not be prescribed for development of public service facilities or other uses.
