

ADVISORY

December 31, 2015

To: Owners of Portable Diesel Engines Registered with the California Air Resources Board (CARB) Statewide Portable Equipment Registration Program (PERP) with Placer County Designated at Home District

Subject: Compliance with the 2017 Portable Diesel Engine Fleet Standards

The District is making you aware of upcoming plans by CARB to revise their 2017 and 2020 fleet average standards for portable engines. As a result, the District will not enforce these standards in accordance with the CARB revisions.

For more information see the attached CARB Advisory No. 347 and Q&A. You can learn more at <http://www.arb.ca.gov/capcoa/roster.htm>.

Sincerely,

A handwritten signature in blue ink that reads "Michael Springsteen".

Bruce Springsteen
Compliance and Enforcement Manager
Placer County Air Pollution Control District
